2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Mission and Vision

Dairyland School's mission is to provide an exceptional setting for students to learn. We strive to maintain high academic standards within a positive, nurturing environment. We endeavor to inspire active learners who are challenged to their maximum potential through differentiated and engaging instruction. We want our students to become productive citizens with high moral character and believe that a strong line of communication between students, staff, parents and community is imperative for children to reach their goals.

The vision of Dairyland School is to develop competency in all subject areas and help our students become successful, responsible, and productive citizens in society.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	0.00	0.00
Vacant Positions	0.00	0.00

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Alview-Dairyland Union School District held a public hearing on September 12, 2023 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. Core subject textbooks and instructional materials are provided for each student, including English learners. Standards-aligned texts and materials are reserved both for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the state are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. In addition to textbooks, all students have 2 school-issued computers; one for home and one for school use. If needed, a hotspot is also provided for those students who connectivity for independent study access.

School Facility Conditions and Planned Improvements

Dairyland Elementary School was originally constructed in 1915 and is comprised of nine classrooms, multipurpose room, library, staff lounge, and a playground. Facility and inspection information is current as of December 2023.

Cleaning Process:

The Director of Operations works daily with the custodial staff to maintain the cleanliness and safety of the school. The district governing board has adopted cleaning standards for all schools in the district. Due to COVID-19 protocols, new procedures were implemented in the fall of 2020 and are currently in place to disinfect classrooms, restrooms and play equipment at specific intervals throughout the day. A summary of these standards and protocols is available at the district office for review.

Maintenance and Repair:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority are given to emergency repairs. At the time of publication 100% of restrooms were in working condition.

The table shows the results of the most recent school facilities inspection. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. There are no major deficiencies at this site.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	44	39	48	42	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

The parents of Dairyland School students support their children, the school, and the community by helping them at home with their schoolwork, providing a caring environment, and by attending conferences, programs, athletic and academic events. Many parent volunteers serve as chaperones for field trips and organize/support fund-raising activities. Parents serve on committees such as the School Site Council (SSC), District English Language Advisory Committee (DELAC), and LCAP Advisory Committee. The Parent Teacher Club provides funds and support for academic incentives and programs for the school and students.

Dairyland School also benefits from partnerships with the following local organizations: Lions and Rotary Clubs.

2023-24 School Safety Plan

The safety of students and staff is a primary concern of Dairyland Elementary School. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials, state earthquake standards, pandemic protocols, etc. The School Safety plan was developed and updated in the spring of 2023 by the School Site Council. Further input was gleaned from staff, law enforcement and the school community in August of 2023. Included in the Safety Plan are both the school's disaster preparedness plan as well as the COVID Prevention Program, Safe School Reopening Plan and Student Threat Assessment Information. In addition, the 2023-24 Safety Plan includes new required elements for students with disabilities, an opioid overdose protocol as well as a response plan to dangerous/violent activities on campus.

With regard to student supervision and safety on campus, students are supervised before and after school, during lunch, and break periods. During the school day, gates are locked and visitors are limited to entry through the school office. In the fall of 2022, access controls were installed on the campus to ensure all doors remain locked throughout the school day and visitors to the office are screened before entering. The school provides two-way radios to enable those who are supervising students to maintain communication. There is a designated area for student drop-off and pick-up. Students coming and going during the school day must be signed in and out. Security cameras are around the perimeter of the school and cafeteria for student and facility safety.

Professional Development

The focus of our staff development is Math, Science, ELA, STEM, and Explicit Direct Instruction. The methods for delivery of the staff development have included Monday staff meetings, Back-To-School trainings, and buy-back days. Teachers are supported with ongoing observations, coaching, curriculum resources/planning and student data analysis. In 2020-21, teachers had additional professional development days to prepare for distance learning curriculum and technology. In 2021-22, teachers had training on students' social emotional learning needs prior to the start of the school year. SEL training focused on recognizing signs of student anxiety, depression and trauma as well as strategies and local resources for support. At the beginning of the 2022-23 school year, every teacher in the District received 1:1 coaching on Explicit Direct Instruction techniques to maximize student engagement. The focus for 2023-24 professional development was strategic mathematical reasoning.

This table displays the number of school days dedicated to staff development and continuous improvement.
