HOME SCHOOL COMMUNICATIONS

Pupil Progress

Effective, open communications between the home and school are essential to ensure the progress and development of our students. Parents and school personnel must operate in a close team-work relationship. Maintaining good communications is a major goal of our school. Teachers are diligent in contacting parents regarding student progress. Parents are encouraged to contact the teacher as needed.

Reporting

Report cards are sent home at the end of the quarter with scheduled conferences at the end of the first report period. Conferences are also required for those students experiencing difficulty at the end of the third quarter. Report cards are designed to give meaningful information regarding your child's achievement and effort.

Honor Roll (Grades 3-8)

Student achievement is encouraged and recognized through semester honor roll. Honor Roll is determined as follows: A "D" in one subject for one quarter may be negated by a "B" or better grade in the other quarter of that same semester in the same subject.

GPA is generated by the Aeries Grading System. Students must achieve a 3.0 to be on the Honor Roll.

School News

A monthly calendar of school activities and cafeteria menus are sent home at the beginning of each month. It is recommended that these be kept for reference.

Parent Visitation

Parents are encouraged to visit the school and their child's classroom. Visits should be scheduled with the teacher in advance so that suggestions of appropriate times will make the visit as productive as possible. ***Parents must report and sign-in to the school office before going anywhere else on campus.***

Student Absences

All student absences must be verified by the parent or guardian. **It is required a note be sent with your child on the day he/she returns.** On the note, indicate the dates your child was absent, the reason and your relationship to the student. If you know that your child will be absent because of illness for more than two days, please talk with your child's teachers about sending work home so that he/she does not fall behind in his/her studies. See Independent Study Contract information on page ten.

Makeup Work

Students who miss school work because of an excused absence shall be given the opportunity to complete all assignments and tests that can be reasonably provided. As determined by the teacher, the assignments and tests shall be reasonably equivalent to, but not necessarily identical to, the assignments and tests missed during the absence. Students shall receive full credit for work satisfactorily completed within a reasonable period of time. (Education Code 48205) Students who miss school because of unexcused absences shall be given the opportunity to make up missed work. Teachers shall assign such makeup work as necessary to ensure academic progress, not as a punitive measure.

Home Work

The Board of Trustees recognizes that homework contributes toward building responsibility, self-discipline and life-long learning habits, and that time spent on homework directly influences students' ability to meet the district's academic standards. The Board expects students, parents/guardians and staff to view homework as a routine and important part of students' daily lives. Although it is the student's responsibility to do most homework assignments independently, the Board expects teachers at all grade levels to use parent/guardians as a contributing resource. When students repeatedly fail to do their homework, parents/guardians shall be notified and asked to contact the teacher.

Reminder regarding weekly teacher's meetings

The District runs on a one (1) hour early release schedule every Monday that school is in session. This allows for teacher training, in-service and meetings.

Always sign your child out at the office when you take them from school.

Co-Curricular Activities

Alview-Dairyland Union School District provides a variety of co-curricular activities to encourage student's involvement. Some of these activities include:

Library Club (Alview Campus Grades K-3)

A school-wide assembly is held each month recognizing students for reading, citizenship and other achievements. They participate in oral language presentations and songs.

Athletics

Students in grades 7 and 8 participate in an athletic program in which inter-mural teams compete. The goals of the program are (1) to teach and develop proficiency in the skills associated with each sport and (2) to develop the personal qualities of discipline, commitment, and sportsmanship associated with being a member of a team. On occasion, students will compete with another school. All students in grades 7 and 8 are encouraged to try out for the teams when they maintain a grade point average of no less than a 2.0 or C on a 4.0 scale. Students having an "F" in any subject may not participate.

Band

The school provides instruction for beginning and for advanced students. The program is open to students in grades 4-8. Some school instruments are available, but parents are encouraged to rent or buy instruments for their children.

The beginning and the advanced band perform at various school functions. The marching band performs in at least two parades each year.

Third grade students are taught to play recorders as an introduction to music.

Parent Organization

Parent-Teacher's Club

The Alvieu-Dairyland Parent-Teacher's Club is an active organization. Parents are encouraged to support the school through participation in PTC functions. The PTC, with its many activities (fundraisers, room mothers, parent volunteers, etc.), is an integral part of the total school program.

School Site Council/LCAP Committee

The School Site Council is made up of a committee of parents and teachers who meet, at regularly scheduled meetings throughout the year, to study and evaluate the various components of our total school program. It is the responsibility of the SSC to make recommendations designed to improve our school program to the Board of Trustees. The committee also makes recommendations for LCFF spending and evaluates programs/materials designated on the LCAP. Members of the SSC/LCAP are elected to serve a two-year term. Participation is encouraged.

Parent Advisory/District English Learner Advisory Committee (PAC/DELAC), ELAC

The Parent Advisory Committee is a committee of parents whose child/children participate in English Language Development. It is the responsibility of committee members to study, evaluate and make recommendations regarding the English Language Development Program to the Board of Trustees. The Committee also makes recommendations for LCFF spending and evaluates programs and materials designated on the LCAP. Committee members are elected to serve a one year term. Participation is encouraged.

Parent Volunteer

Children's educational success is best assured when the school and home work together as a team. We encourage parent volunteers to become actively involved in the classroom, on field-trips, and by completing at-home projects. If you can serve as a parent volunteer, please call your child's teacher.

Procedures and Policies

Visitors

Visitors must sign in at the office before entering either of our schools.

Absences and Excuses

The School Board believes that regular attendance plays a key role in the success a student achieves in school. The Board recognizes it is the law that parents with children ages 6 to 18 are obligated to send their children to school unless otherwise provided by law. The superintendent shall abide by the state attendance laws and is authorized to use any legal means available through the school attendance review board, juvenile probation officer or district attorney.

Excused absences are based on Education Code Section 48205. Students absent without a valid excuse for more than 5 days will be classified truant and may be referred to a legal agency.

When it is necessary that a child be absent from school, he/she should have a note from a parent stating the reason. If a parent does not provide a note, the child will be considered as truant on the days of absence.

Independent Study Contracts

The State of California no longer allows Independent Study contracts for fewer than five days or more than ten. They are also not allowable for illness except in the case of long term illness. Students and parents are encouraged to use an Independent Study Contract. The beginning and/or ending date and the terms of an Independent Study Contract must be honored, or all days on the contract will be unexcused absences. Student's attendance and grades must be in good standing. Only one contract per semester. No contracts during a grade reporting window (one week before end of quarter). Contracts may be requested from either school office at least five days prior to the 1st day of absence.

Withdrawal

If you should move from the district, please notify the school secretary that you are withdrawing your child. This helps the school with record-keeping and also allows us to give you information you will need when enrolling your child in the next school.

Gate and Cafeteria Supervision

Gate and cafeteria supervision is provided only during the school day starting at 8:00 a.m. on the Dairyland campus and 8:30 a.m. on the Alview campus.

Students who do not ride the bus should not arrive at Dairyland School before 8:00 a.m. and Alview School before 8:30 a.m.

Staying After School

All students should go directly home at the end of the school day unless they have **written permission** to participate in an after-school activity. Students must **never** stay after school without prior permission and assurance that there will be adequate adult supervision. Parents picking students up after school must do so as **soon as school is out**.

Picking Students Up Before Dismissal

Parents who wish to have a student excused early should come to the office and the child will be called from the classroom to meet you. **Do not go directly to the classroom.**

Late Arrival/Early Departure

Students must sign into school, at the school office, when arriving late. A parent or designated person must sign the child out of school when the child leaves school early.

Lunch and Breakfast Program

Lunches and breakfasts are available to students in grades K-8. Money should be paid in the school office. Free and reduced priced meals are available to families who qualify. Contact the school secretary for more information. **Parents are required to pay for their child's meals in advance.** A legal claim may be filed if a parent does not pay for meal charges or request a payment plan. Parents are notified of negative balances on a regular basis.

Transportation

Student transportation to and from school is usually one of the following: (1) bus, (2) parent, (3) bicycle, and (4) walking. It is important to know which of these will be used by your child and that your child's teacher and school office be kept informed of any changes.

Lost Property/Instructional Materials

It is the responsibility of the students to care for all school property. Classroom/library books, calculators, game shirts, etc., must be paid for if lost, stolen, misplaced, etc.

Electronic Devices

Electronic devices are not allowed at school, such as: CD & MP3 players, cell phone, etc.

EMERGENCY AND DISASTER POLICY

Should an emergency or disaster ever arise in our area while school is in session, we want you to be aware that the school has made preparations to respond effectively to such situations. Should we have a major disaster during school hours, your student(s) will be cared for at school. Our school district has a detailed emergency preparedness plan, which has been formulated to respond to a major emergency. A copy of this plan is available for viewing in the school office on both the Alview and Dairyland campuses. As part of this plan, any and all visitors to the school are required to check in with the office and sign in before going onto the campus. No matter what the reason for being at the school may be, you must sign in at the office at all times first, before you will be allowed on campus.

Your cooperation is necessary in any emergency, please remember the following:

1. Do not telephone the school. Telephone lines may be needed for emergency communication. The District has a telephone system in place to keep you informed. Please keep the District informed of current phone numbers.
2. In the event of a serious emergency, students will be kept at their school until they are picked up by a person who is listed on the school district emergency form, which is required to be filled out by parents at the beginning of every school year.
3. If students are to be kept at school, parents will be notified by phone.
4. Impress upon your children the need for them to follow the directions of any school personnel in times of emergency.

The decision to keep students at school will be based upon whether or not roads in the area are open. If this occurs, parents will be notified by phone. In the event that a natural disaster takes place during the time that students are being transported, students will be kept on the bus and the driver will ask for assistance through radio contact with the school and district personnel.

Any child who is home waiting for the bus will not be picked up (if roads are impassable) and remains the responsibility of the parent or guardian. In the event a natural disaster occurs in the afternoon, the driver will make every attempt to continue delivering the students to their homes.

Should road conditions prevent the driver from delivering students to home or to school in the morning. The students will be delivered to the nearest school site and that school will communicate with the home school to inform them of the students' whereabouts.

Graduation Ceremonies and Activities

To receive a diploma of graduation from grade eight a student must accomplish the following:

1. Must have a Grade Point Average for each eighth grade quarter of 1.0 or better. Valedictorian and Salutatorian honors are based on GPA's in 7th and 8th grade core classes.
2. Must pass a District test that demonstrates the student's knowledge and understanding of the Constitution of the United States of America.
3. When excused absences occur, missed school work must be made up with a passing score. Students who have more than ten (10) days of excused absences will be required to show a doctor's verification in writing for any three consecutive days of absence exceeding the ten days. Students who exceed forty (40) days of excused absence will be referred to a panel consisting of seventh and eighth grade teachers, and an administrator, and a member of the Board of Trustees to determine eligibility for graduation ceremonies.
4. Must not have more than five unexcused absences per quarter. Absences (Education Code 48205) must be cleared in writing by the student's parent or guardian. The superintendent/principal will make the final determination of legitimate unexcused absences.
5. Students identified as having special needs will be promoted and or given a diploma of graduation if they are recommended for promotion/graduation by their Individual Education Plan (I.E.P.) Team
6. Non or limited English speaking students may take the constitution test in their native language. If they are unable to pass this test in their native language or English, the superintendent will determine eligibility to receive a diploma and/or participate in graduation ceremonies.

Disciplinary Considerations

While recognizing the importance of graduation ceremonies, the Board also desires to maintain high standards of student conduct and behavior. Graduation ceremonies are offered to students in good standing. The Superintendent/Principal may deny the privilege of participating in these ceremonies in accordance with school rules which provide for due process.

State law has changed making it unlawful to promote a student who has not met the above standards. It is important that all eighth grade parents and students understand this. Students and parents are asked to acknowledge this by signing below and returning this page to the eighth grade teacher.

Health Information

First aid is administered in case of minor injuries. If illness or a serious accident occurs during the school day, an attempt is made to contact parents at once. For this reason the school requires an emergency number to call when parents are not at home. If the parent cannot be reached, the school will send the child to the hospital when necessary. It is important that the school be notified immediately of any changes in phone numbers in order that we may reach parents in case of an emergency.

Medication

State law requires that medication, both over the counter and prescription, NOT be dispensed by school personnel without a physician's order and written permission from the parent. Occasionally a child under medical care may continue to attend school. In these special cases, school personnel may administer medication when parents provide a physician's order which includes name(s) of the medication, dosage, time(s) and duration that the medication is to be given to the child. Form may be found at: www.adusd.k12.ca.us. Medication MUST be sent to school in original container from the pharmacy.

Communicable Diseases

If your child complains of stomachache, earache, sore throat, cold symptoms or has fever, he/she should be kept at home for observation. If your child frequently complains of such things as earache, stomachache or headache, a good rule of thumb is to check for fever. If there is no fever, the child should go to school. A doctor's visit may also be in order.

If your child is absent because of the following, please notify the school secretary: Whooping cough, strep throat, scarlet fever, chicken pox, mumps, red measles (Rubella), German measles (Rubella), impetigo, pink eye, ringworm, scabies, lice, hepatitis A or B and HIV.

Lice

If a child has lice, parents will be contacted and required to take their children home. The child may return to school when a parent indicates the treatment used and when a re-examination by a school employee shows all lice have been removed. Parents are **required** to bring their children to school for a re-examination.

People in all walks of life may be bothered with lice. Having head lice does not mean a person is dirty. Transmission can occur easily from one infested individual to another. Children should be taught not to share combs, brushes, hats, scarves, coats, and sweaters. Treatment is shampooing with a special medicated shampoo. It is recommended that all members of the family be treated. All bed linens should be washed in hot soapy water (140 degree F) and dried in a hot dryer for at least 20 minutes. Clothing, combs, and brushes should be cleaned. Carpets, upholstery and mattresses should be vacuumed thoroughly. **Please call the school for more information.**

Immunization Records

Kindergarten entrants and entrants from outside the U.S. must present a personal immunization record at or before the time of entry. Pupils transferring from other schools in California or other states may be given up to 30 school days of attendance while waiting for their records to arrive from the previous school. Once the record arrives, the child has 10 school days to get any needed immunizations or else be excluded from attendance.

Information may be obtained from the Child Health and Disability Prevention (CHDP) about eligibility requirements for free health checkups based on state criteria of family size and income.

Oral Health Assessment

California law, *Education Code Section 49452.8*, requires that your child have an oral health assessment by May 31 in kindergarten or first grade, whichever is his or her first year of public school. Oral health assessments that have happened within the 12 months before your child enters school also meet this requirement.

Drug Free School

Because the use of alcohol and other drugs adversely affects a student's ability to achieve academic success, is physically and emotionally harmful, and has serious social and legal consequences, the Governing Board intends to keep district school free of alcohol and other drugs.

The Governing Board desires that every effort be made to reduce the chances that our students will begin or continue the use of alcohol and other drugs. Alcohol, like any other controlled substance, is illegal for use by minors. The superintendent or designee shall develop a comprehensive prevention program that includes instruction, intervention, recovering student support, and enforcement/discipline. The superintendent or designee shall clearly communicate to students, staff and parents/guardians all Board policies, regulations, procedures and school rules related to this prevention program. Special efforts shall be made to ensure that these materials are understood by parents/guardians and students of limited literacy or limited English proficiency.

Recognizing that keeping schools free of alcohol and other drugs is a concern common to the district and community, the Board supports cooperation among schools, parents/guardians, law enforcement and other appropriate community organizations involved in preventing alcohol and other drug abuse.

Instruction

The District shall provide preventative instruction which helps students to avoid the use of alcohol or other drugs and teaches students how to influence their peers to avoid and/or discontinue the use of alcohol or other drugs. Instruction shall be designed to answer students' questions related to alcohol and other drugs.

The instructional programs will help students obtain and use current and accurate information, develop and maintain a positive self-concept, take positive actions to cope with stress, and use appropriate social and personal skills to resist involvement with alcohol and other drugs.

The curriculum will be comprehensive and sequential in nature and suited to meet the needs of students at their respective grade levels.

The Board encourages staff to display attitudes which make them positive role models for students with regard to alcohol and other drugs. Staff should help students see

themselves as responsible partners in efforts to maintain a safe, constructed school climate.

All instruction and related materials shall stress the concept of “no unlawful use” of alcohol or other drugs and shall not include the concept of “responsible use” when such use is illegal.

The Board supports intervention programs that include the involvement of students, parents/guardians and community agencies/organizations.

The Board finds it essential that school personnel be trained to identify symptoms which may indicate use of alcohol and other drugs. The responsibilities of staff in working with, intervening, and reporting students suspected of alcohol and other drug use shall be clearly defined in administrative regulations.

Enforcement/Discipline

The superintendent or designee shall take appropriate action to eliminate possession, use, or sale of alcohol and other drugs and related paraphernalia on school grounds, at school events, or in any situation in which the school is responsible for the conduct and well being of students. Students possessing, selling and/or using alcohol or other drugs or related paraphernalia shall be subject to disciplinary procedures which shall result in suspension or expulsion.

Search and Seizure

School authorities may search students and school properties for the possession of alcohol, other drugs, stolen property, or dangerous items as long as such searches are conducted in accordance with law, Board policy and administrative regulations.

Behavior Code/Conduct

Disruptions in school can cause many students to lose valuable learning time. The staff has adopted a systematic discipline approach that sets consistent limits for student behavior while at the same time remaining aware of student needs for warmth and positive support. **Students may also be subject to discipline, in accordance with law, Board policy, or administrative regulation, for any off-campus conduct during non-school hours which poses a threat or danger to the safety of students, staff, or district property, or substantially disrupts school activities.**

We believe:

1. All Students have the right to learn, and
2. All teachers have the right to teach.

School Goals:

Our behavior plan will help children recognize acceptable limits of behavior and will make them responsible and accountable for their own behavior. This will set the stage for a higher level of academic achievement with a healthy balance between positive reinforcement for desirable behavior and established consequences for undesirable behavior.

Objectives:

1. To teach self-discipline so that children will demonstrate high standards of behavior with and without immediate supervision.
2. To develop respect for self, for peers and for adults.
3. To provide a safe and pleasant atmosphere in which to work, play and learn.
4. To teach the concept and responsibilities of good citizenship.
5. To provide for rules and consistent fair enforcement which are necessary in large group settings.

Behavior Code Standards:

1. Comply with all school rules.
2. Show respect and consideration for self, adults, and other students.
3. Display proper conduct to and from school, on the playground, school bus, in the cafeteria and classroom.
4. Pay attention to the teacher and supervisor, complete all assignments on time, be a good citizen, cooperate with other students, be regular in attendance and be in class on time.
5. Help keep all areas of the school clean, pleasant and a safe place in which to work, eat, and play.
6. Refrain from:
 - a. Damaging, defacing or destroying property such as desks, chairs, tables, school bus, other student's property, etc.
 - b. Bringing unauthorized food, drink, gum, seeds, candy, etc. to school.
 - c. Engaging in activities that are illegal.

2. Continued misbehavior will result in a student being moved to the front of the bus; close to the driver
3. Further continued misbehavior will result in a written referral to parent or guardian which must be returned when the student is picked up. If the student does not have the signed referral, the student will not be allowed to board the bus; no exceptions.
4. If misbehavior continues, parents will be called and a second written referral will be sent home. The privilege of bus ridership will be suspended for a time period warranted by the severity of the misbehavior and/or disruption.

Uniform Complaint Procedures

The Board of Trustees recognizes that the district has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. The district shall investigate and seek to resolve any complaints alleging failure to comply with such laws and/or alleging unlawful discrimination, harassment, intimidation, or bullying in accordance with the uniform complaint procedures.

The district shall use the uniform complaint procedures to resolve any complaint alleging unlawful discrimination harassment, intimidation, or bullying in district programs and activities based on actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in Education Code 200 or 220, Penal Code 422.55 or Government Code 11135, or based on association with a person or group with one or more of these actual or perceived characteristics.

Uniform complaint procedures shall also be used to address any complaint alleging the district's failure to comply with the prohibition against requiring students to pay fees, deposits, or other charges for participation in educational activities, the requirements for the development and adoption of a school safety plan, and state and/or federal laws in adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, special education programs or complaints involving the implementation of the Local Control and Accountability Plan.

The Board prohibits any form of retaliation against any complainant in the complaint process. Participation in the complaint process shall not in any way affect the status, grades, or work assignments of the complainant.

The Board encourages the early informal resolution of complaints at the site level whenever possible.

The Board recognizes that a neutral mediator can often suggest a compromise that is agreeable to all parties in a dispute. In accordance with the uniform complaint procedures, whenever all parties to a complaint agree to try resolving the problem through mediation, the Superintendent/Principal or designee shall initiate that process. The Superintendent/Principal or designee shall ensure that the results are consistent with state and federal laws and regulations.

In investigating complaints, the confidentiality of the parties involved and the integrity of the process shall be protected. As appropriate for any complaint alleging discrimination, harassment, intimidation, or bullying, the Superintendent/Principal or designee may keep the identity of a complainant confidential to the extent that the investigation of the complaint is not obstructed.

The district's Williams Uniform Complaint procedures, AR 1312.4, shall be used to investigate and resolve any complaint related to the following:

1. Sufficiency of textbooks or instructional materials
2. Emergency or urgent facilities conditions that pose a threat to the health or safety of students or staff.
3. Teacher vacancies and miss-assignments
4. Deficiency in the district's provision of instruction and/or services to any student who, by the completion of grade 12, has not passed one or both parts of the high school exit examination.

Compliance Officers

The Governing Board designates the following compliance officers to receive and investigate complaints and ensure district compliance with law.

Superintendent/principal
12861 Avenue 181/2, Chowchilla, CA 93610
559-665-2394

Notifications

The Superintendent/Principal or designee shall meet the notification requirements of the Code of Regulations, Title 5, Section 4622, including the annual dissemination of district complaint procedures and information about available appeals, civil law remedies, and conditions under which a complaint may be taken directly to the California Department of Education.

Procedures

The following procedures shall be used to address all complaints which allege that the district has violated federal or state laws or regulations governing educational programs. Compliance officers shall maintain a record of each complaint and subsequent related actions, including all information required for compliance within the Code of Regulations, Title 5, Section 4632.

The district will use its uniform complaint procedures when addressing all complaints regarding sex equity.

Investigations of discrimination complaints shall be conducted in a manner that protects confidentiality of the parties and the facts. (Title 5, Section 4630).

All parties involved in allegations shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, public agency or organization may file a written complaint of alleged noncompliance.

The complaint shall be presented to the Superintendent/Principal or designee, who is the compliance officer. The Superintendent/Principal or designee will maintain a log of complaints received, providing each with a code number and a date stamp.

If a complainant is unable to put a complaint in writing due to conditions such as illiteracy or other handicaps, district staff shall help him/her to file the complaint. (Title 5, Section 4600)

Complaints alleging unlawful discrimination may be filed by a person who alleges that he/she personally suffered unlawful discrimination or by a person who believes that an individual or any specific class of individuals has been subjected to unlawful discrimination. The complaint must be initiated no later than six months from the date when the alleged discrimination occurred or when the complainant first obtained knowledge of the facts of the alleged discrimination. (Title 5, Section 4630)

Step 2: Mediation

Within three days of receiving the complaint, the compliance officer shall informally discuss with the complainant the possibility of using mediation. If all parties agree to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a discrimination complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

If the mediation process does not resolve the problem within the parameters of laws, the compliance officer shall proceed with his/her investigation of the complaint *adhering to the 60-day timeline*.

The use of mediation shall not extend the district's time lines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

Step 3: Investigation of Complaint

The compliance officer shall hold an investigative meeting within five days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or his/her representative to repeat the complaint orally.

The complainant and/or his/her representative and the district's representatives shall also have an opportunity to present information relevant to the complaint. Parties to the dispute may discuss the complaint and question each other or each other's witnesses. (Title 5, Section 4631)

To ensure that all pertinent facts are made available, the compliance officer and the complainant may ask other individuals to attend this meeting and provide additional information.

Step 4: Response

Within 30 days of receiving the complaint, the compliance officer shall prepare and send to the complainant a written report of the district's investigation and decision, as described in step 5 below. If the complainant is dissatisfied with the compliance officer's decision, he/she may, within five days, file his/her complaint in writing with the Governing Board. The Board may consider the matter at its next regular Board meeting or at a special Board meeting convened in order to meet the 60-day time limit within which the complaint must be answered. The Board may decide not to hear the complaint, in which case the compliance officer's decision is final. If the Board hears the complaint, within 60 days of the district's initially receiving the complaint or within the time period that has been specified in a written agreement with the complainant.

Step 5: Final Written Decision

The report of the district's decision shall be written in English and in the language of the complainant whenever feasible or required by law. If it is not feasible to write this report in the complainant's primary language, the district will arrange a meeting at which a community member will interpret it for the complainant.

This report shall include:

1. The complaint.
2. The findings and disposition of the complaint, including corrective actions, if any.
3. The rationale for the above disposition.
4. A detailed statement of all specific issues that were brought up during the investigation and the extent to which these issues were resolved.

If an employee is disciplined as a result of the complaint, this report shall simply state that effective action was taken and that the employee was informed of district expectations. The report shall not give any further information as to the nature of the disciplinary action.

Appeals to the California Department of Education

If dissatisfied with the district's decision, the complainant may appeal in writing to the California Department of Education within 15 days of receiving the district's decision. For good cause, the Superintendent of Public Instruction may grant an extension for filing appeals.

When appealing to the California Department of Education, the complainant must specify the reason(s) for appealing the district's decision and must include a copy of the locally filed complaint and the district's decision. (Title 5, Section 4652)
