Regional Programs include a variety of self-contained classrooms for placement of students with moderate to severe special needs who require highly specialized programs and services. These programs are located on school sites within the SELPA, and operated by MCSOS for Madera County students and Mariposa County Office of Education/Mariposa County Unified for student with moderate to severe disabilities in Mariposa County. Both County Offices will ensure inclusion in the LRE can be supported. Even though students receiving services within these programs typically spend the majority of the day in a special education setting, emphasis is on providing mainstreaming opportunities under IDEA. Participation in these programs is available to each of the member LEAs within the Madera-Mariposa SELPA as a continuum of services. The type, number and location of classes, programs and services will be approved by the superintendents' governance council. Prior to considering placement in a regional program, districts are encouraged to exhaust all least restrictive placement alternatives at the local level. Placement considerations take place through the IEP process.

SELPA: Madera-Mariposa

Fiscal Year: 2022-23

Each SELPA must adhere to requirements for developing and reporting special education budget revenue and expenditures. The following excerpt is taken from California School Accounting Manual (CSAM): Procedure 755 Special Education on page 755-1 and included to assist the SELPA with completing Section D: Annual Budget Plan information for each LEA participating in the SELPA's Local Plan.

Special education budgets are complex and are of great interest to the public, both locally and statewide. *EC* Section 56205(b)(1) requires that a special education budget shall identify particular elements. Identification of the following elements is facilitated by the standardized account code structure (SACS):

1. Apportionment received by the LEA in accordance with the allocation plan adopted by the SELPA. (The apportionment is tracked in SACS in the resource field in combination with the revenue code in the object field.)
2. Administrative costs of the plan. (These costs are tracked in the function field.)
3. Costs of special education services to pupils with severe disabilities and low-incidence disabilities. (This population is identified by the goal field.)
4. Costs of special education services to pupils with nonsevere disabilities. (This population is identified by the goal field.)
5. Costs of supplemental aids and services provided to meet the individual needs of pupils placed in regular education classrooms and environments. (Costs of these aids and services are tracked in the function field.)
6. Costs of regionalized operations and services and direct instructional support by program specialists in accordance with Part 30, Chapter 7.2, Article 6, of the California *EC*, Program Specialists and Administration of Regionalized Operations and Services. (These costs are tracked in the goal field for regionalized operations and in the function field for instructional services.)
7. Use of property taxes allocated to the SELPA pursuant to *EC* Section 2572. (Property taxes allocated to the SELPA are tracked in the resource field and identified by a revenue code in the object field.)
