Re: Kindergarten and TK Registration

Children who will be five years old before September 1, 2019 are invited to register for Kindergarten for the 2019/2020 school year. Children who will turn 5 years old between September 2, 2019 and December 2, 2019 are invited to register for Transitional Kindergarten.

Parents should bring:

1. Birth Certificate
2. Shot Records
3. Oral Health Assessment
4. Child's Health History (Your child is also required to have a health check-up sometime in the 18 months before he/she enters the first grade. It is the policy of Health Services to urge parents to get their child's health examination before he/she enters kindergarten.) When your child's Physical Examination has been completed, send a copy of the report to the school.
5. Proof of residence (PG&E statement, phone bill, or Public Assistance Document, etc.) In August, prior to the first day of school, you will need to provide a current proof of residence once again.

It is important for the District's planning that children be enrolled as soon as possible. Our scheduled kindergarten/TK enrollment days will be April 25th and April 26th, 2019 from 1:00pm to 3:00pm. For further information call Mary Bertao, Secretary at Alview School, (559) 665-2275.
